Turf Lawn & Professional Sprayers

For over 40 years, PBM Supply & Mfg., Inc. has been an innovative leader in the construction and manufacture of Agricultural Sprayers. It is our goal to provide each customer with easy access to one-on-one technical expertise for construction, operational and application specific assistance.

Turf Lawn & Professional Sprayer Division

Reliable Products

Over four decades of manufacturing experience is reflected in every aspect of your PBM Supply & Mfg., Inc. product. By listening closely to our customers we are able to provide Tank Trailers with innovative features and exceptional reliability.

Attractive Pricing

By developing and manufacturing our product in-house, PBM Supply & Mfg., Inc. pricing is a major source of envy for our competitors. We strive to offer the best value on the market. *All pricing listed in this catalog is subject to change without notice.*

Complete Range

In addition to an extensive selection of standard Agricultural Sprayers, we specialize in the manufacturing product "specific-to-individual-needs".

Location

Headquarters—Chico, California, USA. A rural upstate town located approximately 75 miles (120 km) north of Sacramento, with branch office locations in both Fowler and Murrieta, California, USA.

PBM Limited Warranty

"PBM Supply & Mfg., Inc." warrants to the end user that all new PBM Supply & Mfg., Inc. Agricultural Sprayers and other PBM Supply & Mfg., Inc.- manufactured products will be free from defects in workmanship and materials. The duration of this warranty and of all other warranties that may be applicable to the purchase is a period of one year from the date of delivery to the end user. (Please see the complete Limited Warranty details for specific legal rights and limitations).

Turf, Lawn and Professional Sprayers

Turf, Lawn & Professional

Preferred Sprayer Choice for the Experts

PBM Supply & Mfg., Inc. manufactures a complete line of professional grade sprayers. These sprayers are ideal for turf and lawn care and range in size, from small spot applicators to self-propelled high pressured systems. Our skid sprayers are designed to fit into most standard vehicles, while our pull-behind sprayers are a versatile option. Our HAV Series sprayers deploy state of the art guidance and flow control technology, providing the best in professional grounds maintenance. Each sprayer is designed for continuous use and can be customized to fit your individual needs.
